Objective

Enthusiastic IT professional seeking a challenging role in software and web development where I can apply my coding skills and creativity to build innovative applications and enhance user experiences. Eager to contribute to cutting-edge projects and grow within a dynamic tech environment.

Experience

- Inspire Clean energy** October 2023 - February 2024
Digital marketing intern
I have led website development at Inspire Clean Energy, ensuring SEO excellence through comprehensive website management in WordPress. Seamlessly transitioning from digital marketing intern to website developer, I have analyzed competitors, managed content, crafted social media posters, and supported marketing goals.
- Pronex** June - 2023 - September - 2023
Marketing intern
In my marketing role, I conduct site visits to provide tailored recommendations on stone crushers or their components to both existing and prospective customer-owners
- Cross Hurdles Private Limited** March 2022 - December 2022
Website development
I specialize in HTML, CSS, Bootstrap, React.js, WordPress, and Shopify. I've developed and designed numerous websites on both WordPress and React.js platforms.
